STATINTL

Attention: [REDACTED]

Gentlemen:

Pending the negotiation and issuance of a contract between your Company and the United States Government, you are hereby authorized to proceed with the following work:

(a) Perform necessary engineering and procurement of long lead time items necessary for the fabrication of one (1) Aschenbrenner Rectifier in accordance with the specifications agreed upon at the 3 November 1958 meeting between representatives of the Contractor and the Government in Washington, D.C.

(b) Perform necessary engineering studies to develop Transformation equations associated with airborne panoramic photography in accordance with agreements between the Contractor and Procuring Agency. All equations are to be programmed for reduction by the ALMAC III-E digital computer in use by the Procuring Agency.

(c) Perform necessary engineering to develop an Algebraic Language Compiler substantially as outlined in the enclosure hereto entitled "General Requirements for an Algebraic Language Compiler For The ALMAC III-E".

You are hereby authorized to expend up to \$40,000 in performance of the above work. It is recognized that certain costs have been expended on other than work authorized herein in anticipation of this authorization. Such costs shall be allowable under any contract resulting herefrom; however, the total of such costs shall not exceed \$10,000 of the amount authorized above.

Contractor is requested to submit a detailed written cost and delivery proposal as soon as practicable for accomplishing the above work.

Very truly yours,

25X1A
